

PUBLICATIONS

A series of books and manuals has been published for the dissemination of earth-based technologies. They can be ordered to the Auroville Earth Institute. If you would like to order some of them, please mention your complete postal address and a telephone number along with your order, so that we can send you a price list and/or a quotation, including charges for the courier service.

32 publications are presently available in 6 series: Introduction booklets – Summaries of training course lectures – Training manuals – Case studies – User manuals – Video DVDs

Ref.	Title
INTRODUCTION BOOKLETS	
I. 01	Block-yard organization – Auroville Earth Institute – 1996, revised 1999 – 9 p.
I. 02	Building with earth in Auroville – Auroville Earth Institute – 1995, revised 2002 – 16 p. Available in English, French, German, Italian, Hindi, Portuguese, Tibetan and Spanish
I. 03	Building with arches, vaults and domes – Auroville Earth Institute – 1996 – 16 p.
I. 04	Earth building and management of resources – Auroville Earth Institute – 1996 – 8 p.
I. 05	Stabilized rammed earth foundation – Auroville Earth Institute – 1996 – 8 p.
I. 06	Rammed earth – Auroville Earth Institute – 1996 – 6 p. with colour photos
I. 07	Compressed stabilised earth blocks – Auroville Earth Institute – 1996 – 8 p.
I. 08	Hollow interlocking CSEB for earthquake resistant houses – Auroville Earth Institute – 1996, revised 2005 – 10 p.
I. 09	Masonry with compressed stabilised earth blocks – Auroville Earth Institute – 1997 – 34 p. (Available in English and Portuguese)
I. 10	Soil identification for earth construction – Auroville Earth Institute – 1997 – 12 p. (Available in English and Portuguese)
I. 11	Economics of compressed stabilised earth blocks – Auroville Earth Institute – 2001, revised 2002 – 35 p. Given with a software on CD to calculate the cost and economic feasibility of CSEB
I. 12	Earthen architecture for sustainable habitat – Auroville Earth Institute – 2002– 16 p.
SUMMARIES OF TRAINING COURSE LECTURES	
SL. 01	Production and use of compressed stabilised earth blocks – Auroville Earth Institute – 1991, revised 2005 – 21 p.
SL. 02	Masonry with compressed stabilised earth blocks – Auroville Earth Institute – 1995, revised 2005 – 18 p.
SL. 03	Building with arches, vaults and domes – Auroville Earth Institute – 1996, revised 2005 – 38 p.
SL. 04	Production and use of hollow interlocking CSEB for disaster resistance – Auroville Earth Institute – 2005 – 25 p.
TRAINING MANUALS	
TM. 01	Production of CSEB – Training manual for block-makers – Auroville Earth Institute – 1996 – 31 p.
TM. 02	Production of CSEB – Training manual for technicians and entrepreneurs CRATerre/Earth Institute, Villefontaine/ Auroville – 1996, revised 1997 – 142 p.
TM. 03	Earthquake resistant buildings with hollow interlocking blocks – Training manual for architects and engineers Auroville Earth Institute – 2001, revised 2005 – 43 p. with colour photos and plans
TM. 04	Building with arches, vaults and domes – Training manual for architects and engineers Auroville Earth Institute – 2002, revised 2005 – 115 p. with colour photos and plans
TM. 05	Building with hollow interlocking blocks for earthquake resistance – Training manual for builders Auroville Earth Institute – 2004, revised 2005 – 16 p. with colour photos and plans
CASE STUDIES	
CS. 01	Dome of the Dhyanalagam Temple (Ø 22.16 m) – Auroville Earth Institute – 1999 – 32 p. with colour photos and plans
CS. 02	AUM House, cost effective and disaster resistant – Auroville Earth Institute – 2000, revised 2002 – 57 p. with colour photos and plans
CS. 03	VIKAS community at Auroville – Towards a holistic development– Auroville Earth Institute - 2000 - 67 p. with colour photos and plans
CS. 04	MINE House, cost effective and earthquake resistant – CRATerre/Earth Institute, Villefontaine/Auroville – 1996 – 70 p. with plans
CS. 05	Building with earth in Auroville – Auroville Earth Institute – 2002, revised 2005 – 33 p. with colour photos and plans
USER MANUALS	
UM. 01	AURAM press 3000 – Auroville Earth Institute – 1992, revised 1995 – 60 p.
UM. 02	AURAM press 240 & 290 – Auroville Earth Institute – 1994 – 53 p.
UM. 03	AURAM Press 3000, Making special blocks – Auroville Earth Institute – 1996 – 12 p.
UM. 04	AURAM Press 3000, Hollow Interlocking compressed stabilised earth blocks – Auroville Earth Institute – 2005 – 34p.
VIDEO DVDs	
DVD.01	Building with earth in the world – 28 min. Slide show with 170 slides – Auroville Earth Institute – 2004
DVD.02	Building with earth in Auroville – 27 min. Slide show with video clips – Auroville Earth Institute – 2006
